Logan David Keebler Memorial Scholarship

General Information

This scholarship is given in memory of Logan David Keebler, a 2016 Talawanda High School graduate who tragically lost his life in an industrial accident at the age of 21. Logan grew up in Darrrtown and Hanover Township attending Marshall Elementary, Talawanda Middle and Talawanda High Schools. He played football, basketball, and baseball beginning in the recreation leagues through high school, lettering in three sports. Logan was a good student and had a great attitude and work ethic in everything he did. He was supportive and helpful to his family and friends and was all-around well liked. Logan began working part-time at a Butler County manufacturer during high school, then joined the company full time after graduation. Because of his work ethic and natural mechanical ability, he was soon responsible for maintaining the plant machines and equipment, a job he absolutely loved. Shortly before the accident, with his organizational skills and demeanor with the other workers, the owner had promoted him to a supervisor.

To honor and remember Logan, this scholarship was initiated by his grandparents with funds they had been saving since his birth for his post-high school education. Its purpose is to help graduating Talawanda seniors pursue a degree or certificate from a vocational, technical or trade school leading to a productive career in a field including but not limited to: agriculture, construction and mechanical trades; automotive or equipment technician; machining, manufacturing, and welding trades, dental or medical technician; or first responder. The Webbs would especially like to recognize the impact of Marilyn Elzey as a teacher and mentor. This award also celebrates the ongoing tradition of all Talawanda teachers, regardless of department, who offer students excellent writing instruction.

Every year, through a teacher nomination process, the English Department of Talawanda High School selects two senior writers who have demonstrated excellence across a wide variety of genres, for all four years of high school. This award is accompanied by a financial gift to be disbursed to any institution of higher learning for work in the major field of the writer's choice, because good writing is essential to success in any field.

"If people cannot write well, they cannot think well, and if they cannot think well, others will do their thinking for them." -- George Orwell

Nomination Process

In the spring, there will be a call for nominees within the English Department. A Talawanda teacher who nominates a student must submit a writing sample from the student and a brief cover letter outlining the teacher's rationale for nomination. An effort will be made to name a CP student as well as an Honors/AP student, though exceptions might be made for two unusually talented CP students (or two unusually talented AP students).
