

HELP DESIGN OXFORD'S NEXT OUTDOOR EDUCATION AREA

Come provide feedback for redesigning a 10-acre portion of Miami University's Natural Areas!

You are invited to participate in a research project being conducted by graduate students from Miami University's Institute for the Environment and Sustainability on behalf of Miami University's Natural Areas Committee. This research project is to help envision how a 10-acre plot of land in the Natural Areas can be transformed into educational space. We are looking for volunteers to attend a focus group and give us input on what you would like to see if you visited this space in the Natural Areas.

March 14th, 2019 – 6 PM to 8 PM

Shideler Hall Room 200

Light refreshments will be provided. To participate, you must be at least 18 years of age. If interested, please RSVP here: tinyurl.com/NAFocusGroup or contact Max Leveridge (leverimc@miamioh.edu) or Lea Wilczynski (wilcylm@miamioh.edu).
