POSITIVE SCHOOL CULTURE

In the Talawanda Schools, we believe that all students have the right to learn and grow. The goal of the Student Support Guide is to collaborate with students and families to create a culture and climate where everyone feels valued, cared for and respected. Such an atmosphere has been proven to decrease interruptions to learning and increase academic achievement.

A positive school culture can be recognized by the mutual respect shown among all staff and students, aimed at creating a school that maximizes learning and provides support to overcome barriers.

Talawanda staff utilize a restorative approach to ensure a positive school culture where students are held accountable for their actions and words, and supported in their growth by our staff.

Restorative Practices vary based on a student's behavior concerns and needs. The best results are achieved when students willingly engage in the interventions that are put in place. Restorative Practices consist of positive interventions to encourage improved behavior. Restorative Practices promote:

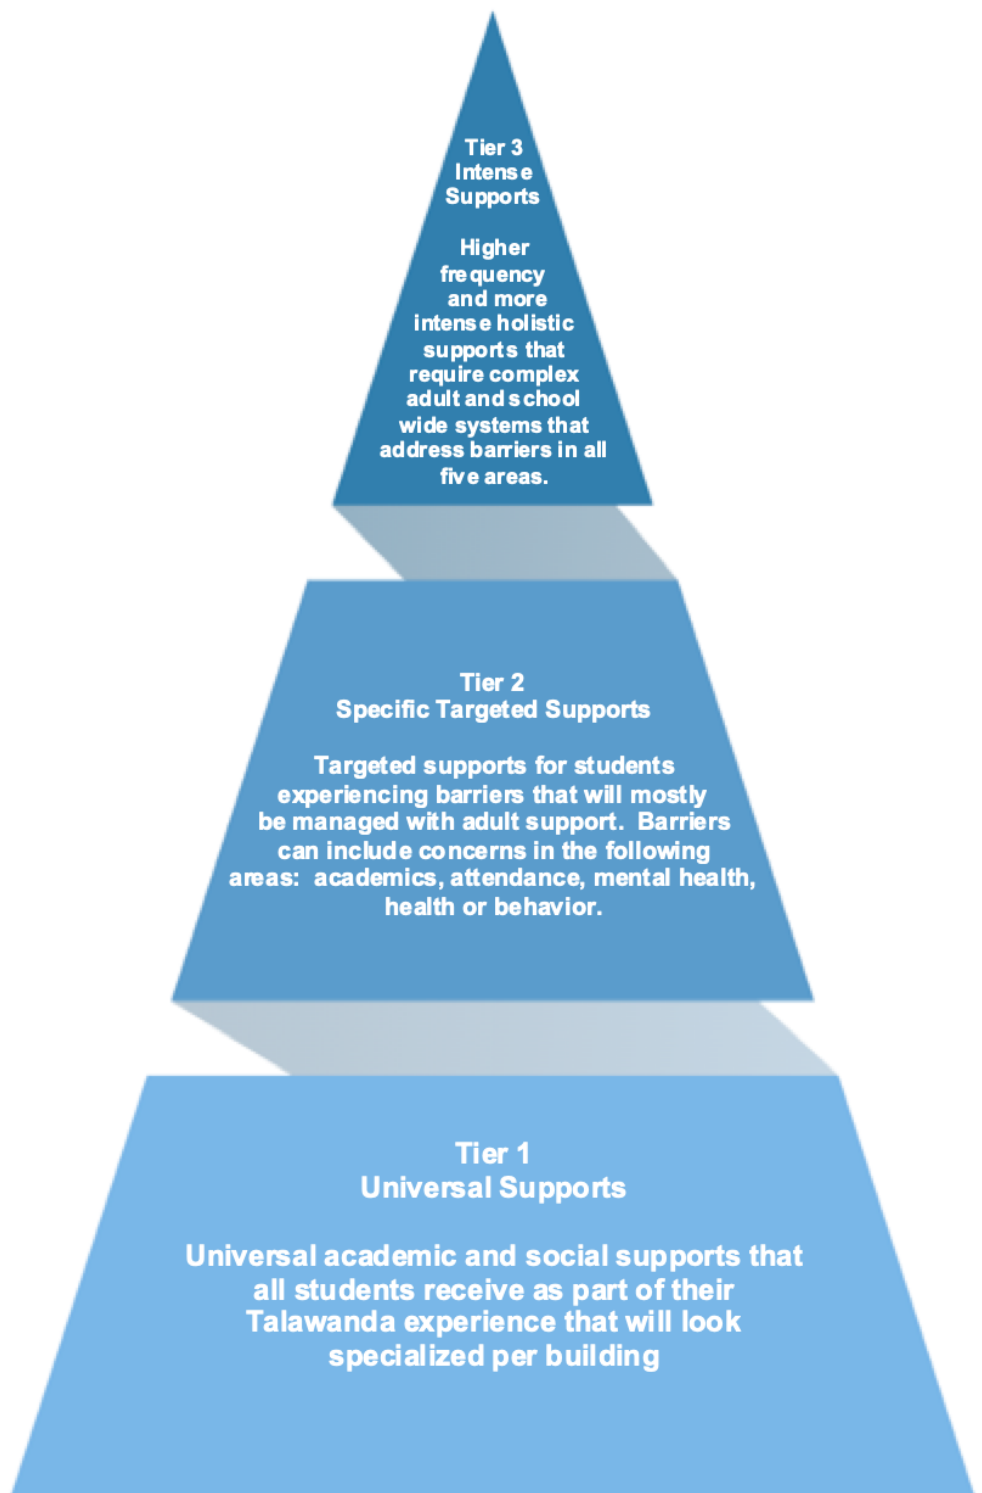

- Self-Accountability and reflection of misbehavior
- Conflict resolution among students
- Development of a teacher and student relationship
- Reduction of poor behavior

STUDENT SERVICES

Talawanda Schools have in-house and outsourced services to help our students and families navigate and break through barriers. Talawanda has the support of social workers, a behavioral specialist, counselors at all of our elementaries and secondary buildings, relationships with school-based mental health services, and connections to outside treatment facilities. It is best to work with your student's school-based support team to identify the necessary supports for your student.

We utilize a tiered approach to the services available to students and families with an increase of supports as steps are taken for student success moving up the tiers. These tiers serve as a guide to help our staff and families support students.

DESCRIPTION OF SERVICES IN THE TALAWANDA SCHOOL DISTRICT

Tier 1

Trauma Informed Care/Restorative Practices and PBIS:

- Being trauma informed means that staff take an empathetic approach to the experiences many of our students may have as a part of their childhood. There is a recognition that those experiences impact the manner in which students approach the world around them.
- Restorative Practices focus on healing harm done to a community when there are situations that have an impact on the learning environment. It is a manner of building staff and student relationships with all students. All students benefit from positive relationships with staff and by working on relational skills. Relationships are a critical part of community.
- The broad purpose of PBIS is to improve the effectiveness, efficiency, and equity of schools and other agencies. PBIS improves social, emotional and academic outcomes for all students, including students with disabilities and students from underrepresented groups.

TALAWANDA ATTENDANCE INFORMATION

Regular school attendance is critical for your student to experience their full potential of academic growth and achievement. Our own district research clearly shows that when students miss a significant amount of time from the classroom, there are drastic drops in their growth rate on academic diagnostic tests including the state of Ohio required testing.

Each school year certainly has its own set of challenges, and we understand that illness often has an impact on student attendance. We also understand that there are additional factors that may have influence on your student's regular attendance at school. We wish to partner with you to help your student grow and achieve at their highest level. If you are facing challenges that prevent your student from attending school, please reach out to us as soon as possible so as to minimize the loss of academic growth.

There are some types of absences for which the state allows and those absences do not count towards the progressive steps in the state attendance plan. It is critical that medical, court, or funeral excuse notices are turned in to the school office if applicable within five days of the absence.

In 2017, the state of Ohio became even more specific about the expectations regarding student attendance and the steps schools must take to monitor and assist families with challenges to avoid missed school time. Below are specific details regarding the steps Ohio schools must take to help improve student attendance under the requirements of House Bill 410. Please know that we are looking to partner with you so that your student may achieve at his/her highest level.

OHIO HOUSE BILL 410 DETAILS AND REQUIREMENTS

Regular school attendance is required by Ohio Law and is a key factor for student success in school. House Bill 410, of the Ohio Legislature mandates that students attend school every day that school is in session. It is important to establish good attendance patterns early in a child’s school experience. Custodial parents/guardians will be notified when a student incurs any of the following:

<u>Excessive Absences</u>	<u>Habitual Truancy</u>
38 or more hours in any month (All Absences)	30 or more consecutive hours (Unexcused <u>ONLY</u>)
65 or more hours in a year (All Absences)	42 or more hours in any month (Unexcused <u>ONLY</u>)
	72 or more hours in a year (Unexcused <u>ONLY</u>)

Please keep in mind, only third-party and/or medically excused absence hours do not count toward unexcused absences (court notice, doctor note for example) and only up to 10 parent/guardian excused absence hours do not count toward unexcused absences .

House Bill 410 Required Action Steps

1. Any student who receives a letter pertaining to the Habitual Truancy guidelines or reaches Habitually Truant criteria will have the Principal assign the student to an Absence Intervention Team (AIT) 10 days. The parent(s)/ guardian(s) will be invited to attend the AIT meeting, which shall be convened within 14 days of assignment. The purpose of the meeting will be to discuss the causes for absenteeism, and work together with the team to develop an absence intervention plan that can be implemented at school and home to help address the absences and improve attendance is school.
2. The school and parent(s)/ guardian(s) will work to develop a positive working relationship with open lines of communication to address the truancy, and will continue to actively monitor attendance from the date the plan is put into effect for the student.
3. If at any time, since the implementation of this plan the student again incurs any of the triggering events described above for Habitual Truancy, the school will then file a complaint with the Butler County Juvenile Court and bring charges against the parent and/or student for truancy. If after 60 days of attempting this Absence Intervention Plan, the student does not incur any of the triggering events, but shows little progress in improving his/her attendance, the school can then also file a complaint with the Butler County Juvenile Court and bring charges against the parent and/or student for truancy.

If you have any questions, please call your student’s school attendance office.
