***Talawanda School District will close school so that the staff
can be vaccinated. Thursday, February 4, 2021 will be an
asynchronous day. Teachers will assign work for this day.***

Talawanda HS will be holding a Scheduling Session for all incoming freshmen (Class of 2025) on Wednesday, February 3rd at 6 PM. This 45-minute live webinar will cover all of the steps and procedures that your student will need to schedule their courses for the 2021-22 school year. Anyone interested in Honors courses at THS will remain online after the main presentation to learn more about these courses and the required forms/application process. Please mark your calendars and plan to be at a computer or phone so that you can access this year's live scheduling webinar on Wednesday, February 3rd starting promptly at 6 PM. A link and password to access the webinar will be shared with families the week of 2/1.

***** Call Ahead or Send a Note *****

- Conference dates have been rescheduled for Thursday, March 4, and March 11, from 3:30 - 7:00 p.m.

TMS Morning Drop Off Procedures

Talawanda Middle School will open the doors for students at 7:40am. Students can enter the building, take their coats to lockers if needed, and report to the cafeteria for breakfast or first period.

When you enter the parking lot, the line of cars should be continuously moving (see image below). If you arrive earlier than 7:30am and need to wait for your student to exit the car, please park in a spot between the basketball hoops. There is plenty of space outside for students to safely keep distant from others while waiting just a few minutes for the doors to open. Please have your student exit the vehicle as soon as you pull alongside/parallel the building (the pink section of the image below). This allows 5-8 cars to drop off at the same time and the line moves significantly faster.

Be careful to note that the busses will also be entering the parking lot and will need to have the right of way as they attempt to enter the bus drop off lanes in the front of the building.

Thank you for your assistance with this. If everyone follows these procedures morning drop off will move much faster.

Talawanda School District Health Coordinating Council

We are excited to introduce a wonderful resource to our families! Beginning next week, we will share one section of this Parent Guide each week with the Talawanda community.

Building Resilient Families

As educators, we do our best to help students. But, we have limited tools to impact the challenges they face at home. That's why we developed our guide for parents... **to help them build resilient families.**

Engaging Tools for Parents

The parent guide is based on the same concepts that make The WhyTry Program and Resilience for Youth so effective.

Now, you can empower parents to teach their children where resilience comes from, and how to access it. They can use simple strategies and fun activities to engage the whole family in the learning process.

To help you implement the parent guide in your community, we also offer training for your team. This training will give you tools to support parents directly, taking a more collaborative approach to developing resilience in your students.

Using the parent guide as a curriculum, you will be able to deliver engaging, activity-driven community events to teach resilience.

To learn more, visit:

ParentGuide.WhyTry.org

The Parent Guide Includes:

- Resilience-building concepts anyone can use
- Simple strategies for developing resilient families
- Engaging activities that make it fun and easy to learn together
- Audio recordings so busy parents can listen 'on the go'

We hope you find this to be helpful. To preview the guide, visit ParentGuide.WhyTry.org.

WHO SHOULD ATTEND

Parents and caregivers who are facilitating a child's schoolwork at home and who are interested in learning about these simple, easy-to-use strategies for maximizing productivity during this time!

What is PAX Tools?

PAX Tools is a collection of evidence-based, trauma-informed strategies to improve cooperation and self-regulation with youth. PAX Tools strategies draw on decades of science to support parents, youth workers, and other caring adults to create a nurturing environment and help kids thrive!

Why PAX Tools for School@Home?

PAX Tools for School@Home was developed to support families facilitating school at home in response to the COVID-19 pandemic.

The PAX Tools strategies help parents and caregivers address real-world challenges and develop skills that specifically help children **improve study habits** and **learning outcomes** with school at home.

These workshops guide caregivers to apply PAX Tools strategies to increase **focus**, **motivation**, and **stamina**. Participants in this workshop will attain practical skills to maximize the Peace, Productivity, Health and Happiness for families during this uncertain time.

To learn more about PAX Tools or to inquire about additional programs offered by **PAXIS Institute**, an international prevention science company, visit www.paxis.org.
